

THE ARBOR GREENE GAZETTE

June 2011 Happy Father's Day

Top Five Father's Day Gifts

1. Time

Dad likes nothing more than to learn his normal "honey do" list has been temporarily put on hold. He can do what he wishes for the whole day. This gift is often not really seen as a gift but more of a standard guideline for his special day but, he will love it none-the-less.

2. Outdoor or Summer Items

Father's day has been strategically placed in the beginning of summer to the benefit of the manufacturers of seasonal items to help move along all of those hammocks, grills and lawn mowers they always seem to have too many of. Buying Dad a summer item is easy because they are stationed in the front of almost any hardware store and sometimes even in the parking lot. He will be able to use whatever it is right away. Nothing is more annoying that to receive a gift that you are excited about and then have to wait weeks until the weather is good enough to use it.

3. Auto add-ons

If your dad is like most dads he has a special relationship with his vehicle (or, in some cases vehicles). Whether he is the neat type that will run it through the car wash every weekend and vacuum the inside regardless of whether it needs it or not and changes the oil every 3,000 miles because the engine stays cleaner that way . Or, if he is the hobbyist that likes to tinker and collect cars no matter what shape they are in. He will love anything and everything to do with his mode of transportation.

4. Electronics

What man doesn't love an item that can be plugged in? If your dad is not up to speed in the latest electronic items out there then there is plenty for you to choose from. A new computer or LCD TV will bring a tear of joy to his eye. A Navigation system for his car or a digital camera could be his favorite gift of all time.

5. Sports

Okay. This was a no brainer. Take your dad to a sporting event and make a memory. This especially works out great for a Father-Son activity. There is nothing like sharing some Dogs at the ball park to bring two people closer. As they say in those Visa commercials "*Priceless*".

Community Meetings

1. The next **CDD Budget Workshop** will be **June 16th at 6:30PM** in the Gathering Room.
2. The next **CDD Meeting** will be **June 20th at 6:30PM** in the Gathering Room.
3. HOA Meetings: The **HOA Design Review Board** will meet at **6:00PM on June 28th** followed by the **HOA Meeting at 7PM**.

Community Activities

The final approved CDD Meeting and CDD Budget Workshop Minutes are published on the Arbor Greene website at www.arborgreene.org.

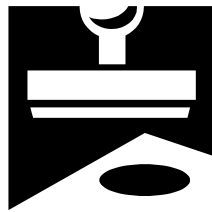

Attention New Residents!

The Arbor Greene website: www.arborgreene.org has useful information to help with your transition to our community. You will find everything from CDD Meeting and Budget Workshop Minutes, babysitting and pet sitting, to residents' recommendations for a reliable landscaper. You will also find links to important City and County services, including Police, Fire, Schools and Waste Management, etc. Additionally, there is a community bulletin board to see what is on the minds of your fellow residents.

Community Activities

Arbor Greene Book Club

The Arbor Greene Book Club will discuss, *The Geography of Bliss* by Eric Weiner on June 13th, so please join us. We meet in the Gathering Room of the Community Center at 7:00pm on Mondays each month with the exception of July and August. All are welcome to join us and/or to make book suggestions for future discussion. Point of contact is Diane Wheeler, 813 994-9262.

Our Schedule Follows:

September 2011– Sarah's Key by Tatiana de Rosnay

Message from the Arbor Greene HOA

Driveways

Please take a moment to look at the paved surfaces (driveway, walkways, sidewalks) around your home. Many of them throughout the Community are in need of a good cleaning (power washing). If you have not performed or scheduled this service recently, please take the time to do so.

As a reminder, The Declaration of Covenants, Article VIII, Section 1. B. states "... All driveways and sidewalks on a Residential Unit shall be constructed, reconstructed, or repaired with the materials and in the manner in which they were originally constructed, and no colors, coatings, pavers, epoxies, or similar treatments shall be permitted without DRB approval."

Exterior Painting

All homeowners who are repainting the exterior of their house need to fill out a DRB application and attach paint samples to the form. Paint samples are no longer required to be painted on houses.

Paint colors must be chosen from the Arbor Greene Paint Book. No other paint selections are allowed, including the current colors of your house if they are not in the Arbor Greene Paint Book.

Homeowners can view the Arbor Greene Paint Book at the Community Center or at Greenacre Properties, Inc.

Please remember that ANY changes, improvements, alterations, additions, modifications, etc. to the exterior of your house or lot need prior DRB WRITTEN APPROVAL before any work begins.

Website

All Arbor Greene HOA documents and forms can be found online at www.greenacreproperties.com. Click the "Resident Login" link at the top right of the page to sign in, or to login for the first time, click on the "New User" link. It is each homeowner's responsibility to know what is covered in the Declaration of Covenants (Deed Restrictions) and Design Review Standards.

MOMS Club

Ever feel like you're the only mother who stays home? You are not alone! Join the MOMS Club of New Tampa. It's a great way for you to meet other stay at-home mothers in the area, as well as a great way for your children to meet new playmates and engage in stimulating activities while encouraging their social skills.

We offer support for at-home mothers through:

- * Planned monthly activities calendar
- * Age-appropriate playgroups for your child(ren)
- * Monthly Moms' night out
- * Service projects within the community

For more information contact us via:

Email: momsclubnewtampa_southeast@yahoo.com.

Website: www.momsclubnewtampa.webs.com. The next meeting is **June 9th** from 7:30-10PM, in the Gathering room.

Arbor Greene Landscape Maintenance Schedule for June:

June 5 - 10: Change out seasonal color beds, Treat turf for broadleaf weeds.

June 13-18: Re-fertilize any off color turf and shrubs, Mow pond banks.

June 20- 25: Fertilize and fungicide seasonal color beds, Treat turf and shrubs for insects.

June 26- 30: Apply herbicide to planter beds, Mow ponds.

Get Involved with your community!

We are looking for residents like you!

The Arbor Greene Carriage Homes HOA Board of Directors is actively looking for concerned residents like you. Do you want to improve the look of the community? Do you want to keep your family safe and secure? Would you like to keep our home values high? Then the HOA Board needs you. We are looking for volunteers to join committees that will have a direct impact on issues like these that affect us all.

Join a committee that makes a difference!

Respond today to join like minded homeowners like you that will make a difference in our community.

**Thought of the day/week/month:
Innocent enough....**

Just going to drop my daughter off for school..
I'll just swing around the front, flip a U turn...
And just as I'd stopped right near the sign..
WHAM!! I'd just been rear ended....
My daughter was thrown out of the car...
She landed on the concrete at the edge of the road...
My heart was in my throat....
Oh no....dear God...what have I done?

I'm in a No Parking/ No Standing Zone..
I've been rear ended...my daughter is _____ (injured/maimed or worse??)

Is this story familiar?

The reason for the no stopping/standing zone is for safety -Not to inconvenience anyone..
Convenience VS safety....which is more important?

Please don't stop or stand there; it's both illegal and, more importantly, Unsafe!

Do you know that there's a drop off circle at Benito Park with a Boardwalk that leads right to Benito Middle School?

Storm debris disposal options available to residents are as follows:

McKay Bay Transfer Station: With a current City of Tampa utility bill and driver's license, residents may drop-off brush and large bulky items free of charge.

Hours of Operation: Monday, Tuesday, Thursday, Friday: 7 a.m. to 5:30 p.m.
Wednesday, Saturday: 8 a.m. to 4:30 p.m.

Sunday: Closed
Holidays: Opening and closing hours vary

Manhattan Brush Site: With a current City of Tampa utility bill and driver's license, residents may drop-off brush and yard waste free of charge. All tree limbs must be four feet or less in length and tree stump must weigh 100 pounds or less.

Hours of Operation: Monday through Saturday: 8 a.m. to 6 p.m.

Sundays: Closed
Holidays: Closed

Curbside Pick-up: City of Tampa residents may place storm debris curbside for collection. Debris should be placed away from obstructions such as mailboxes, parked vehicles, fences, water meters, storm drains, etc.

SEE LEFT

Animal Waste and our Water System

It's first thing in the morning and the dog wants to go out right NOW, the cats are standing by their litter box waiting for some fresh kitty litter and your toddler is demanding a trip to the park to feed the ducks. While none of these activities seem like a major threat to the environment, animal waste is one of the many little sources of pollution that can add up to big problems for water quality and may cause human health problems as well. While most people connect animal waste problems to agriculture, studies have shown that pets, waterfowl and other urban wildlife waste can cause significant water pollution problems.

Animal waste contains several types of pollution that contributes to water quality problems: nutrients, pathogens, and a naturally toxic material, ammonia. When animal waste ends up in a lake, stream, or Long Island Sound, it decomposes, using up oxygen and releasing its pollutant load. During summer months when the water is warm, the combination of low oxygen levels and ammonia can kill fish and other aquatic organisms. The nutrients cause excessive growth of aquatic weeds and algae.

Pathogens, the disease-causing bacteria and viruses associated with animal waste, can also make water unsafe for human use. If pathogens or the indicator bacteria associated with animal waste are found during water testing, shellfish beds may be closed to harvest, beaches may be closed to swimming and drinking water supplies may require expensive filtration or disinfection.

Fortunately there are some simple practices everyone can do to help prevent pollution by keeping animal waste out of the water. While it may seem easier to ignore the problem of animal waste, remember that you are protecting not only the environment but also your own health.

1. Pick Up After Your Pet
2. Keep Your Yard Clean
3. Don't Feed Waterfowl
4. Dispose Of Kitty Litter Properly

Keep your children safe!!

Most drowning incidents occur in swimming pools; However, young children can drown in **less than two inches** of water.

Pool drowning with children happens quickly and silently, with most child drowning victims missing from sight for **less than five minutes**.

Fences barriers and alarms add an extra layer of protection.

- Install fencing, pool alarms, door locks or other barriers whenever possible.
- Always secure safety covers and barriers to prevent children from gaining access to pools, spas or hot tubs when not in use.
- Never disable an alarm or prop open the gate to the pool area.
- Learn to swim and teach children how to swim. (Did you know that we have instructors onsite to help assist with this?)
- Flotation devices and swimming lessons are not a substitute for adult supervision.
- Remove toys from in and around the pool area, especially riding toys, when not in use.

Each year children drown in bathtubs, buckets, coolers, ponds, ditches, fountains, hot tubs, toilets, pet water bowls and wading pools.

Most childhood drowning deaths occur when the parent or caregiver becomes distracted by the phone, doorbell or chores around the home.

Children can drown in a matter of seconds. If a child is missing check the water first.

- Children must always be supervised by an adult when playing in or around the water.
- Never allow a young child to be responsible for a younger sibling or playmate.
- Empty buckets immediately after use and store them upside down and out of a child's reach.
- Keep toilet seats down and consider using a lock or toilet clip to keep the toddlers from opening the toilet.

Being certified in CPR and First Aid is highly recommended when caring for children.

Message from your Neighborhood Watch:

If you join the Arbor Greene (AG) NWA email distribution group, then you will receive Tampa Police Department (TPD) reports and notifications about criminal activity in the New Tampa area. You will also receive personal and home security tips. If you would like to get these tips and other relevant data from the TPD and NWA, please email us at ArborGreene-NWA@hotmail.com to be added to the NWA email distro group. Please send us your full name and which sub-community (e.g., Enclave, Alcove, etc.) you reside in. Joining this email distro does not obligate you to any other NWA activity, but should help you and your family to become better informed and more secure.

One of the tips we pass to AG residents is when to call the TPD about an emergency or suspicious activity. AG residents should call **9-1-1** if there is a perceived threat to person(s) or property, i.e., if it appears a crime is about to be committed or just occurred. If you feel your phone call is important enough that you need to get through to the TPD quickly, then you likely need to call 9-1-1. On the other hand, residents should call the **Suspicious Activity line (813-231-6130)** if the activity is simply suspicious. In either case, you should call the TPD from a safe location and do not confront those person(s). The Suspicious Activity line is actually an "administrative" TPD phone line and so it could take a short time before your call is answered.

The following are a few examples of non-emergency events which should be reported to the Suspicious Activity line:

- 1) Seeing a vehicle drive by slowly, multiple times and/or parking and not leaving their vehicles ... more than what you would expect from someone simply trying to locate a residence or answering a phone call.
- 2) A "door-to-door" salesperson in your neighborhood after dark or who does not appear to have valid identification from the company he allegedly works for. Be especially cautious of persons who offer to sell or update your home's security system and attempt to gain information about your current system.
- 3) Person(s) whom you do not recognize as being from your neighborhood or school-age children when school is in session, who climb over fences separating AG and other communities or parks and enter AG.

How to get follow-up information on your call to TPD: If you want to be notified of the outcome of a police service call, you need to say that in your initial call; otherwise, the officer will not normally contact you about the result of your call. Not all patrol officers have city cell phones, so the officer may have a Communications Technician call and report the outcome to you. TPD personnel will call you if you are a witness who can possibly identify someone you saw and the TPD are now in contact with the suspect(s), especially if it relates to a crime against person or property.

TPD dispatchers' behavior: Our TPD liaison said if you deal with a TPD dispatcher who was rude, or asked the same questions several times, giving the impression the dispatcher did not care or listen to you, then that incident should be reported to a dispatch supervisor. The Captain in charge of TPD Communications investigates and corrects improper behavior as soon as possible. Communication Technicians are continually being hired because of the high turnover rate due in part to the stress of the job. So, if you are asked repeatedly for data, it could be the dispatcher is in training or is training a rookie. The Captain encourages groups schedule a visit to see how the TPD dispatchers operate.

Our thanks to all of our NWA members and AG residents who work to keep AG's NWA program functioning successfully. Your communication and watchfulness has undoubtedly helped prevent crimes within our community.

Tennis Events:

Arbor Greene USTA Teams Win 3.0 Day and Night Flights

Arbor Greene 3.0 night captained by Theresa Mays and 3.5 night captained by Eileen Farrell won their flights and will play in the Hillsborough USTA/NTRP Play Offs. Great playing ladies!

Train Smart Tennis Jr. Summer Championships June 4-6

Arbor Greene will host a USTA Junior Tournament Sat and Sun. June 5-6. For more information call Alan at 813-610-7301.

Arbor Greene Juniors Do Great!

Sam Chaffin playing his first year for Wharton High advanced to the state championships.

Sam LaFrance won the Eastlake Rookie Tournament 10 and under flight. His brother Ben took the 12 and under flight. Great Playing!

Summer Junior Tennis Is Starting

This summer Train Smart Tennis invites your children to join the fun of learning tennis at Arbor Greene.

Our mission is to provide a systematic basic approach so your children have the opportunity to learn the game as quickly as possible. Our approach truly teaches children the fundamentals to enjoy the life-time game of tennis and to build self-esteem. There is no substitute for a good beginning!

Our training is designed so your children can follow a pathway to improvement and competition. The next step would be the Train Smart Players Program which has produced some the top juniors in the area.

We provide a system of training for your children no matter what their level of play.

Summer tennis starts Monday, June 13th and continues for 9 weeks. Players can sign up for one week at a time and attend 1, 2, 3 or 4 days per week. Days are Mon., Tues., Wed., and Thurs. Times are 5 - 7 years old 9:00 - 10:00am. 8 -12 years old 10:00 - 11:30am. 13 & over 10:00 - 11:30am. Camp will not meet the week of July 4th.

Sign Up By Calling Coach Alan At 610-7301

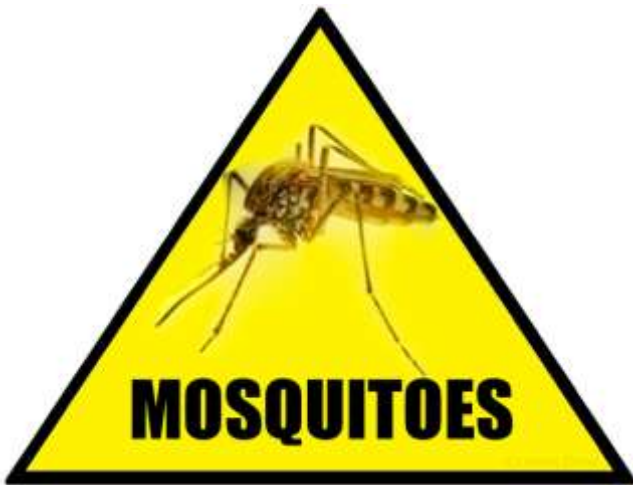

The New Tennis Court Reservation System Started Advanced Reservations April 1st

The new tennis reservation system is up and running. <http://www.arborgreenereservations.com> If you don't make a reservation, you can sign up on the reservation sheet at the sun shelter bulletin board at Court #1. You must sign up to use a court.

Court reservations are held for 10 minutes; after that, they become open/available. Children under 14 must be with an adult 18 years or older. ID tags are required for all residents and members. Residents must accompany all guests without a guest pass.

Top Ten Mosquito Prevention and Safety Tips

1. Prevent your swimming pool from becoming a breeding ground.
2. If you have Bromeliad plants in your yard, regularly rinse them out with a garden hose.
3. Protect your children from mosquitoes, especially at night, by applying a bug repellent.
4. Keep your rain gutters clean and clear of debris.
5. Take special precautions at dusk as this is when mosquitoes are most active.
6. In high populated mosquito areas wear long sleeve shirts, long pants, and mosquito nets when possible.
7. If there is a mosquito born disease warning in effect stay indoors in the evening when mosquitoes are active.
- 8.
9. Make sure window and door screens are "bug tight".
10. Get rid of mosquito breeding containers.
11. Prevent puddles in your yard.

PERMIT NO.1579

No More Teachers, No More Books!!!

Heads up: All Hillsborough County Schools finish on **June 10th**. If you are headed to the pools there will be a **100% ID Tag** and cooler check at the gate, so please remember your ID Tag!! The purpose of checking ID Tags is to insure the facilities are used only by residents, members, and their guests.

Remember glass is not permitted, no beer or wine bottles. There will be Club Attendants at the entrance gate, on June 10th, handing out Id bracelets so we can better identify residents and their guests!

Lifeguard Schedule:

Lifeguards will be at the Fitness Pool May 28th thru May 29th, Then daily beginning June 10th thru Labor Day, from 10 AM to 6PM. Please remember to watch your children when lifeguards are not present.

Summer Pool Hours:

The Summer Pool hours are now in effect!

Monday thru Friday 5:30AM-10PM

Saturday 8AM-10PM

Sunday 8AM-8PM

This year if you are heading to either the Fitness Pool or the Resort Pool and you have a cooler IT WILL BE INSPECTED! No Exceptions Will Be Made! We will be checking for glass bottles/containers. Glass of any type is prohibited around the pool/deck areas.
